CITY CLERK
HONOLULU, HAWAII**Subject:** City Council Meeting Speaker Registration

I support Bill 10 because plastic bags are very harmful to our environment. If this bill is passed, it can help better Honolulu's environment. Plastic bags are produced from oil, therefore, if plastic bags are banned we will also be burning less oil. This is related to my Project Citizen topic for my Participation in Democracy class. We are learning about Hawaii's over reliance on oil. This bill being passed is a little step closer to Hawaii having a better renewable energy future.
